Sponsored by

NATIONAL ASSESSMENT AND ACCREDITATION COUNCIL

(NAAC)

BANGALORE 560 072

ABOUT THE COLLEGE:

Sri Sarada College for Women, Tirunelveli was started in 1986 to cater the educational needs of the women of the Southern districts of Tamilnadu. Character building and culture inculcation are the basis upon which the super structure of modern education is raised in our institution. Discipline, Devotion, Erudition, Affability, Responsibility, Perfection etc., are the laudable features which are embedded with each and every child of Holy Mother Sri Sarada Devi. The vision and mission of the college are reflected in the motto of the college, 'The Harmonious Development, with the blending of the Hand, the Heart and the Head'.

The college offers 11 UG programmes, 6 PG programmes, 4 M.Phil-Pre-Doctoral programmes and 2 Ph.D Doctoral Programmes to fulfill the vision of our Revered Founder Srimath Swami Chidbhanananda Maharaj. His great desire was that the girls who enter the portals of this Temple of Learning should leave it as, "Nirai Nangaiyar" (the perfect woman) and to encourage and enlighten the students for excellence in higher education and research.

ABOUT THE CONFERENCE:

Education is the manifestation of perfection which is already there in man
- Swami Vivekananda.

By education Mahatma Gandhi means, an all-round drawing out the best in the child and man, the body, the mind and the spirit. Education is relevant in all walks of life, no matter what we do, no matter who we are, and no matter where we are in the world. Providing confidence, inculcation and competency building education towards National Development is the need of the hour. In spite of multifaceted measures by the government to challenge the issues, still there exist issues which irk the harmonious and consistent development of higher education.

In this conference, grass root level issues and possible solutions are going to be discussed by inviting all stakeholders for all possible solutions. All those concerned are urged to opine their innovative views in the form of papers towards sustainable education system by way of their experience, investigation and case studies.

Sub themes (Topics for Presentation of Papers)

- ✍ General and specific issues and solutions in teaching Humanities, Science, Engineering, Medicine, Law, Agriculture, Veterinary and Education
- ✍ Constraints in Physical Education, Sports, Yoga and Library
- ✍ innovations in Current Practices in Examination, Evaluation & Certification Issues and solutions
- ✍ ICT enabled teaching - Opportunities and challenges
- ✍ Assessment and accreditation process profits and pitfalls
