ABOUT THE COLLEGE:

Sri Sarada College for Women, Tirunelveli was started in 1986 to cater the educational needs of the women of the Southern districts of Tamilnadu. Character building and culture inculcation are the basis upon which the super structure of modern education is raised in our institution. Discipline, Devotion, Erudition, Affability, Responsibility, Perfection etc., are the laudable features which are embedded with each and every child of Holy Mother Sri Sarada Devi. The Vision and Mission of the college are reflected in the motto of the college, "The Harmonious Development, with the blending of the Hand, the Heart and the Head".

The college offers 11 UG programmes, 6 PG programmes, 4 M.Phil - Pre-Doctoral programmes and 2 Ph.D Doctoral Programmes to fulfill the vision of our Revered Founder Srimath Swami Chidbhavanandha Maharaj. His great desire was that the girls who enter the portals of this Temple of Learning should leave it as, "Nirai Nangaiyar" (the perfect woman) and to encourage and enlighten the students for excellence in higher education and research.

ABOUT OUR DEPARTMENT:

The Department of Computer Applications was started in the year 1992 with MCA course. The BCA Degree Course was flinched in this department in the year 2012. M.Phil in computer science has been started in the year 2016-2017. A Research centre in Computer Science was established in 2017. Our Faculty members play a vital role in academic and research activities. Our department has a clear cut vision to shape and mould the generation of IT professionals. We have well equipped laboratory with high end systems.

ABOUT THE CONFERENCE:

The Inter National conference on Recent trends in Advanced Computing and its Applications (ICRTACA) is featuring an exceptional lineup of vital speakers, researchers, scientists, Industrialists and students. This conference provides an ideal mix of high level business, research academic mastering and Industrial talks. This is an ideal platform for people to share their views and experience in Advanced Computing. The conference aims to provide the information about the recent trends in IT.
