

ABOUT THE WORKSHOP

Android Studio is the official integrated development environment for Google's Android Operating System built on Jet Brains' IntelliJ IDEA software and designed specifically for Android development. Attendees will be provided with instructions to build and manage new cool applications. Once the code is changed, developers can witness how the changes affect the running app. Now they do not have to re-compile or reinstall the APK when changes have to be made. This feature surely accelerates edits to the code, the overall build and run cycles too. Learn to develop applications in the latest Operating System with practical implementation and begin managing your own cool applications like a professional at this workshop.

All the sessions of the workshop will be held in the laboratory. Each Participant will be getting live hands on experience.

Registration Fee : Rs.150

IMPORTANT DATE

Last date for receiving duly filled-in Registration Form along with DD : 10.02.2020

ACCOMMODATION

Accommodation will be provided within the campus, in the hostel, on request, at a nominal rate.

ABOUT THE COLLEGE

Sri Sarada College for Women, Tirunelveli was started in the year 1986 to cater to the educational needs of the women of the southern districts of Tamilnadu. It is a self-financing college with autonomous status affiliated to Manonmaniam Sundaranar University, Tirunelveli. The educational vision and mission of the college are reflected in the motto of the college, "The Harmonious Development of the Hand, the Heart and the Head". The college offers 11 UG, 6 PG, 4 M.Phil. and 2 Ph.D. Programmes to fulfil the vision of our Revered founder Srimath Swami Chidbhavananda. His great desire was that the girls who enter the portals of this Temple of Learning should leave it as "Nirai Nangaiyar" - 'the perfect women' and to encourage and enlighten the students for excellence in higher education and research. Character building and Culture inculcation are the basis upon which the super structure of modern education is raised here.

ABOUT OUR DEPARTMENT

The Department of Computer Applications was started in the year 1992 with MCA Programme. The BCA Degree Programme was flinched in this department in the year 2012. M.Phil. in Computer Science has been started in the year 2016-2017. A Research centre in Computer Science was established in 2017. Our Faculty members play a vital role in academic and research activities. Our department has a clear cut vision to shape and mould the generation of IT professionals. We have well equipped laboratory with high end systems.

The faculty and students themselves to take the maximal advantages of modern computer science to solve the wide range of complex scientific and technological problems. The department continues to promote the innovative research in the core computer applications and multidisciplinary application areas.
